The entire risk as to the condition, quality, and performance of these items is with the Buyer.

The buses and spare parts will be released to the successful bidder in their present condition and without warranties, express or implied, as to their condition. The buses being offered will be sold as “UNREGISTERED” vehicles, without license plates, not intended for operation on public highways and streets. If applicable, pursuant to Section 24007.5 of the California Vehicle Code, the bidder is notified that a Certificate of Compliance must be obtained from a licensed motor vehicle pollution control device station, indicating that the vehicle is properly equipped with anti-smog devices before the vehicle may be registered with the Department of Motor Vehicles for use on public highways and streets.

5. **Minimum Bid.** The minimum bid for each bus, **excluding tires, fareboxes, radios, and bicycle racks**, is indicated on the attached “Bid Form - Surplus Buses.” Fareboxes, radios, and bicycle racks will be removed by District personnel prior to the transfer of physical possession to successful bidder(s). All Items must be removed by the Buyer at Buyer’s expense from the District’s property. Buyers must remove all Items within five (5) working days after the District receives full payment and the executed Bill of Sale/Release Form. A \$50 per day storage charge will be assessed after the fifth day. Upon transfer of physical possession of the Items, Buyer or Buyer’s representative must complete the District’s Bill of Sale/Release Form, attached to this document as Exhibit A.
8. **Tires.** Buses will be sold “less tires.” Should Buyer desire to purchase the tires, Buyer shall pay the tire cost indicated on the Bid Form. Tires may not be exchanged from one bus to another. Sales tax will be added to the cost of tires.

Should Buyer desire not to purchase the tires, Buyer must remove the existing tires and install its tires prior to removal of the bus from District property. Scrap tires, which will be identified by the District, need not be removed or replaced; however, the District makes no warranties, expressed or implied, as to the condition or fitness for continued use of such tires. The ten percent (10%) bid deposit shall not apply to the tires should Buyer desire to purchase any.

18. **Hold Harmless Clause.** The Buyer to whom award is made is responsible for any and all injury to the public, person(s), and property and for all loss or damage arising from any unforeseen obstructions or difficulties either natural or artificial, which may be encountered in the removal of the Item; for damage to person(s) and property resulting directly or indirectly from the removal of the existing tires and the installation of the bidder's tires; for damage to person(s) and property resulting directly or indirectly from the removal of the Items from District property; for damage from any action of the elements prior to completion of the removal while on District property or other storage facility; or for damage from any act or omission (including, but not limited to malpractice, error, or mistake) on the part of the bidder. District shall not be liable for any damages or injuries to persons or property caused by Buyer's purchase and use of the Items, and the Buyer shall defend, indemnify, and hold the District free and harmless from and against any and all losses, liabilities, expenses, claims, costs, suits, and damages therefore.
