APPENDIX B

GOLDEN GATE BRIDGE, HIGHWAY AND TRANSPORTATION DISTRICT

ORDINANCE NO. 2006-02

**AN ORDINANCE TO AMEND MASTER ORDINANCE 2006, AS AMENDED,
TO ADOPT THE FIVE-YEAR TRANSIT FARE PROGRAM
FOR JULY 1, 2006 THROUGH JUNE 30, 2011**

March 24, 2006

THIS ORDINANCE is adopted with reference to the following facts and circumstances which are found and declared by the Board of Directors:

1. On May 21, 1998, the Board of Directors adopted District Ordinance No. 361, authorizing a five-year transit fare program, which provided for annual bus, ferry and paratransit fare increases based upon increases in the Bay Area Consumer Price Index over a five-year period.
2. On November 21, 2003, the Board of Directors approved Resolution No. 2003-115, directing staff to develop a comprehensive new transit fare program in conjunction with the *Strategic Plan for Achieving Long-Term Financial Stability* adopted in 2002. The objectives of a new fare program included keeping fares simple and equitable for customers; providing for reasonable cost recovery; holding down the administrative costs of the fare program; and, setting fair and affordable prices.
3. On May 14, 2004, the Board of Directors adopted Ordinance 2004-02, establishing an interim one-year fare increase program for Fiscal Year 2005. On May 13, 2005 the Board of Directors adopted Ordinance 2005-02 to revise the regional bus, ferry and paratransit tariff schedules for Fiscal Year 2006, pending the completion of a comprehensive restructuring of the transit fare program.
4. On October 14, 2005, the Board of Directors adopted Ordinance No. 2005-06, implementing a regional bus and ferry fare restructure program, which simplified the fare structure, and incorporated the use of the TransLink® regional transit cashless fare card to improve customer convenience. Ordinance No. 2005-06 was further amended on January 13, 2006, to modify the bus fares for travel between the East Bay and San Francisco and between the East Bay and Sonoma County.

ORDINANCE NO. 2006-02
BOARD OF DIRECTORS MEETING OF MARCH 24, 2006

5. The current estimate of the District's five-year projected budget shortfall is \$79 million. Fare increases are needed to achieve a \$9 million revenue-generation target proposed over the five-year period to help address that projected shortfall as part of the District's Strategic Plan for achieving long-term financial stability.

6. The Board of Directors directed staff to develop a new five-year transit fare program to take effect July 1, 2006, and expressed its desire to avoid further major reductions in regional transit services and to increase regional bus and paratransit fare recovery toward a 25% goal and ferry fare recovery toward a 40% goal as a means of continuing transit services with an appropriate level of passenger support.

7. Staff developed several fare program alternatives to accomplish the Board's objectives. In comparing these alternatives, consideration was given to the current downward trend in regional bus ridership, to equitably distributing the transit passenger revenues toward transit service costs and to maintaining the affordability of public transit. Staff concluded its analysis by recommending a five-year transit fare program, consisting of annual 5% fare increases for regional bus, ferry and paratransit services to take effect every July 1 over a five-year period beginning July 1, 2006 and ending June 30, 2011.

8. In accordance with Board policy, a public comment period on the proposed five-year transit fare program was initiated on January 13, 2006 and included the following three public hearings, which were publicized and were each immediately preceded by a two-hour informational open house to provide the public with background and context for the proposed fare program:

- (a) February 16, 2006, in the Rohnert Park City Council Chambers.
- (b) March 8, 2006, in the Board Room, Golden Gate Bridge Toll Plaza.
- (c) March 9, 2006, at The Whistlestop, San Rafael.

9. During the public comment period from January 24, 2006 to March 9, 2006, public comments from 28 individuals were received. Staff reviewed and categorized all public comments, prepared written responses to the primary categories, which were contained in a report to the Finance-Auditing Committee for its March 23, 2006 meeting, a copy of which is attached as Exhibit A, and considered all public comments in developing the final proposal for the five-year transit fare program.

10. The Finance-Auditing Committee, at its meeting of March 23, 2006, after considering the overall financial need of the District, continued low fare recovery, all public comments, and the staff report attached as Exhibit A, recommended that the District adopt the staff proposal of a five-year transit fare program of annual 5% fare increases applied to regional bus, complementary ADA paratransit and ferry services, effective July 1, 2006 through June 30, 2011.

ORDINANCE NO. 2006-02
BOARD OF DIRECTORS MEETING OF MARCH 24, 2006

11. The Board of Directors has carefully considered the staff proposal, reviewed all public comments and considered the recommendation of the General Manager and of the Finance-Auditing Committee. The Board finds that the recommended five-year transit fare program is consistent with the District’s mission, policy objectives and is needed to meet the District’s financial requirements. The fare increases are statutorily exempt from the California Environmental Quality Act since it is necessary to meet operating expenses.

NOW, THEREFORE, BE IT ORDAINED BY THE BOARD OF DIRECTORS OF THE GOLDEN GATE BRIDGE, HIGHWAY AND TRANSPORTATION DISTRICT AS FOLLOWS:

Section 1. The Board hereby adopts the Five-Year Transit Fare Program for July 1, 2006 through June 30, 2011 (“Five-Year Transit Fare Program”) delineated below.

Section 2. Section III, “Golden Gate Transit - Bus and Ferry Systems,” Subsection C, “Bus Transit Tariff Schedule,” of Master Ordinance 2006, as amended, is replaced in its entirety with the following:

BOARD OF DIRECTORS MEETING OF MARCH 24, 2006

Section 5. Transit fares for years two through five of the program (July 1, 2007 through June 30, 2011) shall be increased by 5% from the previous year's fares and take effect as of July 1 of each year of the program.

Section 6. The Five-Year Transit Fare Program excludes fares for local bus travel within Marin County, which are set by the Marin County Transit District; special event bus and ferry service fares, which are periodically adjusted by the Board as needed; and, promotional and other specific service-related fares, which are subject to separate financial performance objectives and are also established by the Board under separate review and action.

Section 7. Concurrent with the preparation of the annual operating and capital budgets, the Board of Directors will review the Five-Year Transit Fare Program to consider whether any further adjustment is needed in light of the financial condition of the District.

Section 8. The Board finds that the Five-Year Transit Fare Program authorized by this Ordinance is exempt from the California Environmental Quality Act pursuant to Section 21080(b)(8) of the Public Resources Code because it is for the purpose of: (a) meeting operating expenses, (b) purchasing or leasing supplies, equipment, or materials, (c) meeting financial reserve needs and requirements, and (d) obtaining funds for capital projects necessary to maintain service within existing service areas; and directs the General Manager to file a Notice of Exemption in the offices of the county clerk of Sonoma, Marin, San Francisco and Contra Costa.

APPENDIX C

GOLDEN GATE BRIDGE, HIGHWAY AND TRANSPORTATION DISTRICT

ORDINANCE NO. 2001-002

**AN ORDINANCE TO AMEND MASTER ORDINANCE 2001
REGARDING USE OF DISTRICT FACILITIES
FOR FILMING AND STILL PHOTOGRAPHY**

March 23, 2001

THIS ORDINANCE is adopted with reference to the following facts and circumstances which are found by the Board of Directors;

WHEREAS, the District receives requests for filming and/or photography (collectively, “filming”) on District facilities;

WHEREAS, the District’s primary mission is to provide safe, efficient, and reliable means for the movement of vehicles and people within the Highway 101, Golden Gate Corridor. To this end, the District maintains and operates the Golden Gate Bridge and provides public transportation services in the form of bus service and ferry service. Filming activity, absent reasonable regulations, will unreasonably interfere with the District’s primary mission;

WHEREAS, it is a fundamental objective of the District to secure and promote the safety, health, welfare and convenience of persons in their use of property owned or controlled by the District, and to prevent unreasonable interference with such use, particularly in light of the unique physical attributes of District facilities, such as the Golden Gate Bridge;

WHEREAS, the District desires to ensure the safety and integrity of the Golden Gate Bridge and the safety of District employees, contractors and the public, to prevent interference and obstruction with the efficient conduct of its primary responsibilities, to protect property owned and controlled by the District, and to preserve the aesthetic nature of such property, while at the same time accommodating the use of its facilities for the ancillary purpose of filming to the extent that such filming activity can be carried out without undue interference with the District’s primary purpose;

WHEREAS, the District desires to establish clear and consistent policies for issuing permits for filming on District facilities;

WHEREAS, the District desires to update its fees for filming activity based on the costs incurred by the District, the use of District property and the use of images of District property.

WHEREAS, staff has recommended updating fees for filming on the Bridge, its approaches and related Bridge structures separately from filming at other District facilities given the unique differences between the Bridge and other District facilities.

ORDINANCE NO. 2001-002
BOARD OF DIRECTORS MEETING OF MARCH 23, 2001

NOW, THEREFORE, BE IT ORDAINED by the Board of Directors of the Golden Gate Bridge, Highway and Transportation District as follows:

I. Section G.2, Use of District Facilities for Commercial Filming, is amended by renumbering and retitling the entire section as Section G.3, Use on Non-Bridge Related District Facilities for Commercial Filming, and inserting the following as Section G.2:

2. Use of Bridge, its Approaches and related Bridge Facilities for Filming/Still Photography. Filming and/or still photography, which does not include filming home videos or still photography by individuals solely for personal use, on the Bridge, its approaches and related Bridge facilities (collectively, "Bridge") requires a permit, payment of a per diem filming fee, and reimbursement for actual costs incurred by the District due to the activity, such as costs of District personnel required to monitor or assist with the filming or still photography, and the provision of appropriate insurance. Requests for filming and still photography shall be reviewed in accordance with rules and regulations approved by the General Manager or his or her designated representative and all filming and still photography shall be conducted in accordance with those rules and regulations.

The following per diem fee schedule applies to filming on the Bridge:

	Single Specified Media Format Use	Unlimited Media Use Rights
• Feature films; Television Programs or Commercials; Music video; other commercial filming activity	\$10,000 per day	\$20,000 per day
• Documentary, travel and other informational filming activity, including educational filming activity (non-standard television)	\$2,500 per day	\$5,000 per day
• Still photography	\$1,500 per day (published only in California)	\$5,000 per day
	\$2,500 per day (published outside California)	\$5,000 per day

The District may reduce the per diem fee for filming that benefits the District, such as filming that explains and promotes the District and its services, in accordance with District filming/photography rules and regulations.

II. Except as modified by this Ordinance, Master Ordinance 2001 shall remain in full force and effect.

III. This Ordinance amendment shall take effect on the 23rd day of March, 2001.
