**LEAVE YOUR NAME
AT THE GOLDEN GATE BRIDGE**

As part of a program to upgrade the visitors' area at the Golden Gate Bridge, precision inscribed paving bricks carrying the names of people from all over the world will be set in a new garden setting near the toll plaza.

The sale of bricks pays for improvements that will enhance the experience of the many millions of visitors who enjoy this beautiful area every year.

BE A PIONEER

Pioneer bricks are just what their name implies: They recognize the early supporters of the Golden Gate Bridge Gardens and reward them with a unique symbol and a preferred location — at the head of the main garden path.

Once installed, these bricks (with their special 50th anniversary logo design) will never again be available.*

TO ORDER:

Write your inscription (names, place, and/or message) in the spaces provided at right. You may use as many as 15 characters on each of the two lines or as few as you like. But the brick will not accept more than 15 characters per line, including spaces.

Fill in the letter blocks exactly as you want them to appear on the brick.

* These inscribed bricks are highly resistant to wear and weather, and are expected to last for generations. After installation, they will be maintained by the Golden Gate Bridge District. However, no specific warranty on permanence is made by the installer or the District.
