Subject: **STATUS REPORT ON THE FY 21/22 BUDGET**

Recommendation

This is an informational report and requires no action.

Summary

Attached is a tracking report of the FY 21/22 projected budget shortfall. The tracking document shows how the District is using one-time federal COVID relief funds and managing its expenses to balance the FY 21/22 budget. The tracking report will be updated each month until no longer needed.

Please note in this month's report are the following:

1. Monthly data for actuals is current through September 2021.
2. "First Tranche" of ARP Funds are reduced in FY21/22 because a portion of these funds were spent in FY20/21.
3. "Second Tranche" of ARP is reflected and projected what will be spent in FY21/22. Any remaining funds will be carried over to FY22/23. However, it is unclear when and if the District will receive this second tranche, because the U.S. Department of Labor, in response to objections raised by the Amalgamated Transit Union (ATU), has issued a new determination that the Public Employee Pension Reform Act of 2013 (PEPRA) violates federal worker protections. This determination may prevent the Federal Transit Administration from releasing this funding to the District.
4. Reduction of TDA/STA funding for FY21/22 due to one-time federal funding adjustment.
5. No toll carryover is projected to be used to balance FY21/22.

The report also records the actual monthly difference in bridge patronage and transit ridership recovery rates. The data is summarized in Attachment B.

Fiscal Impact

There is no fiscal impact associated with this document, it is for informational purposes only.
