FEDERAL-AID PROJECT: BHLS-6003(051)
and
WIND RETROFIT
FEDERAL-AID PROJECT: BHLS-6003(052)

Contract No. 2016-B-1

To: Prospective Bidders

RE: **Response to Bidders' Question No. 35**

Ladies and Gentlemen:

The following is the response to a question submitted by prospective bidder and designated as Bid Question No. 35:

BID QUESTION No. 35:

We would like to study the possibility of barge access next to the foundation of the Main Towers of the Suspension Bridge. Please provide the criteria of the navigation channel when using the space under the center span of Suspension Bridge.

RESPONSE:

The navigation channel is under the jurisdiction of the US Coast Guard. If you wish to encroach into the navigation channel, you must obtain approval from the US Coast Guard. For more information, you may contact the US Coast Guard at 1 Yerba Buena Island, San Francisco, CA 94130, (415) 399-7442.

Sincerely,

A handwritten signature in blue ink that reads "John Eberle". The signature is stylized and cursive.

John Eberle, P.E.
Deputy District Engineer
